Super Slimey Smokey Science - ALL NEW! SESSION E OR SESSION F

Children will experience making ooey, gooey slime and mad science putty. They will also take part in an indoor fireworks demonstration while learning about light and color. All students will become sleuths as they investigate how chemistry provides evidence at the scene of a crime as well as build their very own electromagnet. Come to camp and get Slimed with your Friends!!!

Infinity & Beyond - SESSION G OR SESSION H

Campers explore the mysteries of the solar system and the science behind air & space travel. Children will be able to continue the exploration of space with this super cool astronaut camp. In this advance space program, we will investigate unique flying machines, including building balloon-copters, boomerangs and a mini hovercraft as take home projects for the children. This Mad Science Camp is Out of this World!!

Photo Policy—By registering you/your child you give permission for photos to be taken that may be used by the township or invited media. If you do not wish you/your child to be included in such photographs, you must submit this request in writing with your registration.
